at Wilton Park, Beaconsfield

WILTON PARK

Set in a spectacular and unrivalled environment, Wilton Park is set to become a highly desirable new residential destination within Beaconsfield.

Inland's vision for Wilton Park is the creation of a well-connected private estate set in a rural landscape, with a welcoming public park at its heart for the benefit of local residents and for those who choose to make their home in this remarkable location.

Wilton Park will have the distinctive air of a traditional 'English country estate' with existing mature trees retained, open grassland and wildflower meadows providing an attractive and tranquil parkland. For walkers and joggers a network of formal pathways are being created, while cycleways will link Wilton Park with Beaconsfield Old Town for safe and convenient connections.

Sports pitches and children's play areas are also being created, along with a new community hub to provide facilities for local clubs, as well as a new pavilion with café and gallery overlooking an ornamental pond.

This new green habitat will respect the existing natural biodiversity of the park, ensuring that flora and fauna continue to thrive in this new environment.

With Wilton Park set to become the destination of choice for a fulfilling lifestyle, Brackenwood provides the first opportunity to make your home in this evolving new environment.

An exclusive opportunity

With a number of existing 3 and 4 bedroom detached and semi-detached houses available, Brackenwood represents the first opportunity to acquire a home at Wilton Park.

Situated in the south west corner of the estate, Brackenwood comprises just 41 properties in a verdant and established setting.

These homes also benefit from superb road links with easy access to the A40 and M40 via the Pyebush roundabout.
